

ENVIRONMENTAL POLICY

Lisa Ghaith Ltd has a commitment to continual improvement of its environmental performance. As such, our environmental stewardship and sustainability policy is to:

- Ensure that our staff and sub-contractors act in accordance with this policy
- Use Biodegradable vegetable-based inks and wood-based paper and packaging (where possible) that is recyclable
- Continually strive to improve our environmental performance and prevent pollution
- Reduce waste and the consumption of resources (materials, fuel and energy) and ensure unavoidable waste is recycled, reused or recovered, where possible, or disposed of responsibly
- Foster a sense of responsibility for the environment amongst our staff and sub-contractors
- Monitor and where possible to reduce the impact of our activities on the local and general environment.
- Ensure compliance with relevant Legislation and Regulations.

PLASTICS

We recognise that waste plastics pose a global threat. Within the context of our Environment Policy we commit to minimising our use of plastics, to reducing the environmental impact of waste plastics and to beating the national target of eliminating avoidable plastic waste.

- Where the use of plastics is unavoidable, we will use recycled plastics where practicable

- Where possible, aim to buy only those plastic products that can be easily reused or recycled
- Seek and encourage clients to implement innovative recycling opportunities
- Work with employees, sub-contractors, customers and suppliers to encourage them to take practical steps to reduce the use of plastic and the production of plastic waste.

We aim to provide our customers with goods and services within an environmentally sound framework
